Our Community Helpers

Some people sell us produce and drinks
all fresh and cold
Some people work in shops and stores
where many things are sold
Some people bring us letters and take the
mail away
Some people stop the traffic to help us
on our way.
Some people move our furniture and put
it in a van
Some people take the garbage out and
empty every can
Some people drive an ambulance to get
us help real fast
Some people teach us how to read and
stories from the past
Each of these Community Helpers has a
special job to do.
Making Sunnyvale a great place to live
for me and you!
